WORK EXPERIENCE

Electronics Assembler | Control Solutions | Aurora, IL   May 2021 - Sep 2021
- Built and set up small electronics according to instructions, ensuring accuracy and precision in the assembly process.
- Demonstrated attention to detail and followed safety protocols, including wearing anti-static shoe covers to prevent damage to sensitive components.

ACTIVITIES & LEADERSHIP

Computer Science Club | Aurora University | Club Member

PROJECTS

Portfolio Website (https://egarcia0992.github.io/ **)** - Designed and developed a portfolio website using HTML, CSS, and Bootstrap to showcase my web development skills and other projects.
Bad USB - Created bad USB using Raspberry Pi Pico microcontroller to launch my portfolio website on a Mac through programmed keystrokes with Ducky script, and overcame challenges to set up the Pico as a HID device.
UX Wireframe - Designed a user-friendly wireframe for an image scanning app that reads text aloud, featuring a visible scanning button and ability to edit text, as well as the ability to save scanned photos and related text, prioritizing accessibility and usability.
